BUSINESS BRANDING BY PROMOTIONAL PENS

Promotional pens — like advertising pens, **imprinted pens** and logo pens — can help in building brands of your business. It is an effective and economical medium to advertise your corporate brand.

Advertising pens with your corporate brand logo are unique and exciting promotional products for your business. The instrument of writing has specialty to attach to somebody emotionally. It symbolizes learning and power. Sophistication, elegance and majesty will be there when you offer somebody with a pen as gift. The gifted person will hold your business logo in his or her hand, shirt pockets and on office desks where many others can see the symbol of your corporate brand and thereby provide more advertisement and promotion.

The **promotional pens** can be gifted to customers, clients, business partners and staff. Customers or clients can be gifted pens with your business logo as special gift during a transaction. Business partners and staff can be gifted advertising promotional pens on special occasions like an anniversary or annual function. This gift will go straight to their heart and not just to mind. They will respect the gift and the company they work with.

Business Promotional Pens can be personalized with your own art work and custom imprint. It is a great medium to advertise your business.

Besides, **promotional gifts** like watch, note book, calculator, alarm clock, etc along with pens, which are made from luxurious materials like solid brass, chrome or rosewood finish, give a substantial and expensive feel. It offers a way to present your gratitude — and at the same time it elevates your organization's image among the customers and others.

Prices of business promotional pens at **Promotional-logo-pens.com** range from less than a dollar to up to ten dollars. Logo imprinting and pen design can be done as per your wish. Its in-house art department will assist you in design-related matters. If you want to imprint only text on the pen, it can be done with perfection ensuring the imprint matches the pen. Promotional-logo-pens.com also offers volume discounts on bulk purchases and ensures timely delivery. Its customers include both small businesses and Fortune 500 companies. Please visit the site **www.promotional-logo-pens.com** for more information.

LEADING PROMOTIONAL ITEM PENS

Promotional item pens are a smart and sleek way of advertising one's brand. These pens provide a superior advantage of marketing and are also cost effective. These are the new age marketing tools that are most commonly used, and for very good reasons. Here is all the information you require about these products.

Benefits

Promotional item pens are beneficial as they are the most cost effective means of advertising. Within a reasonable range of less than a dollar to four dollars, these pens can be procured with high quality workmanship and finish. The required message and company logo can be printed on them to customize them. Pens are of high utility value and are always used by people; thus while being put to use by customers they help to increase company awareness.

Range

Today a wide range of **promotional pens** are available in the market at different costs. However pens in brass and pens with chrome accents are the order of the day. From classic to bold, from traditional to contemporary, today a vivid range is available. Companies can choose the style that represents their company best. For example, a traditional classic design may be good for sophisticated organizations while bold, novel and contemporary designs may represent new, dynamic offerings.

Occasions

Promotional pens can be given on any occasion. For example they can be given to clients as gifts or presented to employees as tokens of appreciation. These pens can also be presented on special occasions like retirement, promotion, birthdays, annual days etc. to name a few. Special pens can be chosen for each occasion. Also different messages to suit the occasion can be imprinted.

Ordering products

Ordering **promotional products pens** has become an easier process, thanks to online facilities. With a few clicks, customers can choose the style of pen they require. They need to choose the colors of the pen among the ones available and provide the message and mnemonic that needs to appear on the pen. Within 12-15 days working time on an average, the finished product is sent across to them. However, rush services are also offered and customers can avail products in much shorter durations, if the need be.

ADVANTAGES OF PROMOTIONAL GIVEAWAYS

The concept of **promotional giveaways** is now in demand worldwide. When used effectively, whether at a tradeshow, an in-store, or as an incentive for your employees, it allows you to strengthen your company's goodwill and creates more opportunities for attracting new customers.

One of the key features of promotional giveaways is the flexibility to choose from a wide range of products. Clothing, clocks, photo holders, sticky notes, calendars, bags, and thousands of other items, can benefit any company at very little cost.

Another added advantage is that promotional products can be given to a large number of audiences as gifts to foster customer goodwill and retention, to employees as service rewards or at anniversary recognitions, to prospects for new product launching and service introduction, or to vendors as sales incentives.

When potential clients are given a promotional item branded with your company name, you are reminding them of what your company stands for each time they use it. In turn, your company's overall awareness increases within the frameworks of the consumer's mind.

Personal customization including choice of fonts, color, text imprint and logo color allows you and your clients to use creativity to display your company's best attributes. Moreover, rush availability on many promotional products, given at competitive prices, allows you meet your budgets and time frame.

In today's world, **promotional products** can play a very important role in a company's overall marketing strategy. Studies show that **promotional items** increase response rates, boost brand recognition, and create positive impact of your company.

So choose the one which suits you the best and ensure that you get the most for your dollar while not settling for substandard products.
